

City Hall offices include a Deputy Registrar's office which can provide these convenient services:

- Motor vehicle licenses and recreational vehicle licenses (watercraft, snowmobile, and all terrain vehicles).
- Motor vehicle/DNR literature, driver's manuals, DNR registration guides, and watercraft safety certificate packets.
- Notary public services (no fee).
- Wright County maps, Minnesota maps, and snowmobile trail maps

By purchasing these products and services through our Registrar's office, you are helping to hold down City property taxes. All Registrar's Offices charge the same filing fees, but a portion of the fees charged by our office are used as general operating revenues of the City.
